

## Accelerated Reader Program

Our AR program focuses on Comprehension. The student will read a book and then take a test to see how well he/she read and understood the book. Although not all of our books in the library are AR books, we have many AR titles. In order for the child to identify AR books, we have placed green dots on the spine. Also, inside the cover you will find the Reading Level and Point Value. We have schoolwide incentives per grade level (based on percentage correct) and also incentives on individual points. The incentives are listed below:

❖ **90% and above mastery per grade level:**

Six weeks incentive: 30 minute recess and 1 homework pass  
semester incentive: afternoon in the park

❖ **80% and above mastery per grade level:**

Six weeks incentive: 15 minute recess  
semester incentive: 30 minute recess

Our top 3 **point** earners for each classroom earn “lunch in the park” at the end of the year. Our top 3 schoolwide **point** earners receive medals plus gift certificates to Walmart.

**HAPPY READING!!!!**
